REDWOOD CITY, CALIFORNIA SATURDAY, NOVEMBER 22, 1919

ESTABLISHED 1850

CITY TRUSTEES MET MONDAY

The City Board of Trustees met in regular session Monday evening, with all present, when the following bids were opened for constructing the concrete bridge on Washington street between the high school and Poole's Drayage office:

C. J. Lindgren\$10,040.50
C. B. Cowden 10,795.50
Edw. H. Martin 10,485.50

On motion C. J. Lindgren was awarded the contract. Mr. Lindgren also has the contracts for the bridges on Broadway, Maple and Webster streets. This is the last big contract to be let by the trustees under the last bond issue.

A communication from the local Red Cross chapter was received expressing their thanks for their assistance in making the recent paper gathering drive a success.

Redwood City Post, No. 105, American Legion thanked the board for their assistance in making the Armistice Day celebration a success.

C. B. Cowden was granted an extension of time on the improvements on Maple street, due to the slow delivery of material.

A communication signed "519 Grant Avenue" was received by the board asking for a sidewalk to be constructed on Eber street, between Grant and Redwood streets for the accommodation of eighteen children of school age living in that vicinity. The matter was referred to Street Superintendent Ed. Dearborn to take such action as he deemed fit.

A communication from the S. P. company complaining that the city wires at the railroad crossings were not properly constructed. It appears that a double arm must support all wires at crossings while the city has but a single arm.

On motion an order for \$50 for an emergency fund was set aside for use in attending to necessary repairs in connection with city electric wires and fire alarm boxes. In case of a

damaged fire alarm box it will not be necessary to wait until a meeting of the board to have it fixed.

The Pacific Gas and Electric Company was given permission to erect poles on Romano and Gordon streets in order to furnish current to residents along those thoroughfares.

Court Madrone, No. 150, F. of A. was given a 3 o'clock dance permit for Thanksgiving eve, November 26. Marvin Grove, No. 52, U. A. O. D., was given a permit to hold a 3 o'clock dance for the evening of December 6. Both permits were for the Foresters' hall.

On recommendation of the City Engineer, Dreyfus Bros. were allowed \$3000 as partial payment on their contract for the construction of the outfall sewer.

A deed from the Redwood City school district to the Town of Redwood City, covering the transfer of the property for the new fire house, was received and ordered recorded.

A deed from the Episcopal church was received and was ordered sent to the Bishop of California for his signature.

LIFE ESTATE OF MRS. SELBY TERMINATED THURSDAY

Judge Buck on Thursday signed a decree terminating the life estate of Henrietta I. Selby to 480 acres of land at Atherton known as the Selby ranch. By the terms of the last will and testament of her husband, Thomas H. Selby, Mrs. Selby was given a life interest in the land, she to receive the rents, etc., during the term of her natural life. Mr. Selby, who was one of the early mayors of San Francisco, died in 1876. Mrs. Selby passed away in February, 1917 at the age of 90 years.

D. P. Flynn, trustee of the ranch, will at once begin proceedings to distribute the ranch to the various heirs, twelve in number. P. W. Selby will receive the largest share of the property. It is believed that the heirs will build a number of attractive homes on the tract during the coming spring. The property fronts on the highway and runs back to the rolling foot-hills and has the finest home sites on the peninsula.

RESERVATION FOR DUCKS

A club has been formed by the duck hunters of Palo Alto to take over a tract bordering on the bay shore just below the Dumbarton bridge and converted it into a duck preserve. A fresh water lake can be formed and supplied with water from a well. The tract to be used comprises about 200 acres of marsh land that cannot well be used for any other purpose. Ducks are not numerous thereabouts now, but are expected in big flocks as soon as the storms drive them from the interior.

THE WEEK'S EVENTS IN LOCAL CIRCLES

A number of business men of Burlingame, San Mateo and Redwood City have organized the Peninsula Club and are seeking to purchase a tract of land near Belmont on which to construct a club house and golf links. The club has a large membership and new names are being added daily.

On Wednesday Judge Buck appointed J. C. Coburn, brother of the late Loren Coburn, guardian ad litem of Wallace Coburn. This is a preliminary legal step to undertake to break the will of Loren Coburn.

Thanksgiving service at the Congregational church next Wednesday evening at 7:30. Pictures will be shown on the landing of the pilgrims. Thanksgiving sermon by the pastor. The chorus choir will sing "I Will Give Thanks." The public is cordially invited.

The divorce case of Gladys Bello against Victor Bello, was disposed of this week in the superior court, by granting a divorce to the defendant upon the ground of desertion; the minor child was awarded to the defendant under agreement that each party shall be entitled to its custody at stated times. Mrs. Bello is an accomplished pianist and resides with her mother at Halfmoon Bay, where she has a host of friends.

Redwood City Post, No. 105 of the American Legion are getting ready for their big all night celebration which takes place in the Foresters hall on Saturday, December 20th. The local post which was organized a short time ago have already enrolled 125 members, and new members are being captured each day, by our efficient workers. Everyone should boost their dance by buying a ticket and attending the big time, which will surpass all that have taken place yet. Remember where all the boys were last year at this time. Now let's all boost their dance on December the 20th.

For the past week Japanese have been quite active in and about Redwood City leasing property. Several parcels of land near town have been rented by them for a period of three years.

George Wallace, father of Mrs. George Haaker, a deputy in the assessor's office at the court house, died at Santa Rosa on Thursday where he has resided for some time. Mr. Wallace at one time conducted the Veranda Hotel at South San Francisco. He is a brother of Constable James Wallace of that place.

Pestyn Davies, the noted Welsh tenor, and leader of the municipal chorus of San Francisco and the Peninsula chorus of San Mateo, is anxious of combining a chorale society from Redwood City and will be here in a few days to receive suggestions. The music lovers desiring to join the class may leave their names with C. G. Lambert.

During the week D. M. Flynn, local agent for the Ford automobile, sold cars to the following persons: Donald Derry, employed by the Standard Oil Co., a new touring car with self starter; Mrs. J. W. Goodwin, a Ford Sedan with starter; Standard Oil Co., Ford runabout; L. G. Wallace one ton truck; H. C. Meyer new Ford touring car with starter.

Omar Doyle left yesterday on a business trip to Portland and the northwest, expecting to be gone until the holidays. Mr. Doyle is a salesman for a large mercantile house in San Francisco.

G. M. sweaters are known all over the world. Sold at Marcus' Arcade.

This week the owners of the Redwood Aviation School purchased four large planes making a total of eleven in use by the concern. The school is growing every day. New students are pouring in from all parts of the world. During the week several Koreans joined a class of ten to perfect themselves in the art of flying. There is some talk of having the field made the terminal for a big concern in the east that is preparing to land passengers here from New York and Chicago.

Shoes for women, children and men at Marcus' Arcade. See our line.

On November 26 Court Madrone's big dance takes place in Foresters' hall. The event has long been looked forward to by dance goers and no doubt the hall will be crowded that evening with a throng of merry makers.

The Druids will give a dance in Foresters' hall on December 6. The committee in charge is making every effort and sparing no expense to make the evening one of enjoyment to all who may attend. The very best of music is to be provided.

MRS. LASSWELL APPLIES FOR LETTERS UPON ESTATE

Winifred Lasswell has applied in the superior court for letters of administration upon the estate of Edward C. Lasswell, who died at Daly City on November 23, 1917. The estate consists of tools, implements and fixtures used in conducting an undertaking parlor at Daly City valued at \$100.

J. M. MARLEY WILL OPEN A CIGAR STORE HERE

J. M. Marley, who conducted a pool room at Pittsburg until recently, has fitted up a cozy billiard and pool room in the Wahl building, having leased the old Arbor saloon quarters conducted for years by Genocchio Brothers. Mr. Marley has a full line of cigars, tobaccos and cigarettes and has a nice temperance drink counter. Mr. Marley has been appointed local agent for the United Cigar stores. He is no stranger to San Mateo county, having some years ago conducted a cigar store at San Mateo and South San Francisco. He sold his business recently at Pittsburg to Thomas Connolly, also a former South San Francisco man. Mr. Marley's place promises to become the most popular resort in town. It will have a clean, moral atmosphere where one may go and while away few pleasant moments. Such a place will fill a long felt want in Redwood City.

ADDITIONAL LOCALS

Don't forget that we carry a full line of comforters and blankets. Keep warm. Marcus' Arcade.

List your property with Robert J. Letts, local real estate agent, you will be assured of quick sales as Mr. Letts has a number of clients looking for property in this vicinity.

Old Mother Nature is freakish at times. For instance red berries last season were abundant on the hills and mountains near Redwood City while the crop was a failure in the low lands. This year the very reverse is the case. There are scarcely any red berries on the hills while there is an abundant crop in the valleys. Will some scientist account for this peculiar freak of nature.

Three wild ducks swam up the creek as far as the Capital building last Tuesday. Ted Thompson threw stones at them when the birds departed for the marsh. Duck hunters were absent and the small boy with his air rifle could not be found so he birds enjoyed city life for a time until their stay was interrupted by the tansorial artist.

County Horticultural Commissioner H. E. Woodworth on Thursday sealed twelve boxes of apples in a local fruit store, they not being fit for human use. Mr. Woodworth made the seizure under the Apple Standardization Act. There is penalty attached to the offense but Mr. Woodworth considered the confiscation of the fruit sufficient punishment.

FORMER EDITOR OF THIS PAPER SUCCEUMS

General John F. Sheehan, editor of the Times-Gazette in the latter eighties, passed away at the Veteran's home at Yountsville on Thursday, following a protracted illness. He had been a paralytic for the past five years. He was a widely known newspaper man and at one time was adjutant general of the state. Mr. Sheehan was a son-in-law of the late Judge Wallace of San Francisco.

CHARGED WITH PASSING FICTITIOUS CHECKS

Jane Doe Clark, charged with passing fictitious checks at Burlingame on October 20th for small sums, pleaded guilty in the superior court on Thursday. She was represented by Thomas B. Dozier Jr., of San Francisco. She pleaded guilty. When asked by the clerk if Jane Doe Clark was her true name she said that it was not and did not want to disclose it.

Mr. Dozier in a few well chosen words detailed the account of the case to the court. He said Mrs. Clark came of an excellent family but recently had met with adversity and was compelled to commit the crime. She had directed him to make all fictitious checks good. The attorney said Mrs. Clark had passed checks for small sums at Oakland and San Francisco before coming to Burlingame. The total amount of the checks would not be more than \$100. Mr. Dozier made a strong plea on behalf of his client for probation. The court took the matter under advisement and will render his decision this morning.

SOME RECENT REALTY SALES BY LAMBERT & WALTER

Lambert and Walter have just sold the home on Vera avenue, formerly occupied by S. Robertson to A. F. Connolly who are new arrivals from Los Angeles, this last sale the property is on Redwood avenue. The corner of the State Highway and Manzanita street opposite the Fly Trap Inn has been sold to a client of their office and in the coming week a new garage will be built upon a portion of this property. NEW INDUSTRY TO BE LAUNCHED HERE WILL BE OF GREAT BENEFIT

Negotiations are now going on and will soon be consummated between the Redwood City Harbor Company and a rich syndicate whereby a big industry is soon to be established at the water front.

The magnitude of the enterprise is astounding and when it will be fully disclosed will be a source of encouragement to the people of Redwood City. The concern is to make use of the shells at the water front and the salt in the beds close by to manufacture a product that is to find ready sale all over the country.

A large plant is to be established the cost of which will be over \$250,000 and 1500 employees are to be on the pay roll. At this time the names of the capitalists promoting the project cannot be disclosed save that they are all San Francisco men and men well-known in the business world. The ground was looked over thoroughly by their representatives yesterday. They left well pleased with the location and they made it known that they would start the industry here very soon. This will be the biggest industry ever started in this part of the peninsula.

Redwood City will have to build more houses for rent when the plant starts it will be impossible to house the men that are to be employed at the plant. This question will have to be taken up later by the Chamber of Commerce. To meet the demand several apartment houses will have to be constructed in Redwood City. That Redwood City is on the eve of a big industrial boom is evidenced by the big demand for water front property.

A big cement plant is to be established at the water front. Last week work was commenced in digging holes for water and this week work on the foundations for factory buildings were begun. The water front will soon be the scene of much activity.

The manufacture of high grade cement from shell deposits in and about San Francisco bay has already been proven to be successful. The sediment in which the shells are imbedded is ground by nature to the right consistency and of the right composition for the manufacture of cement. This has been verified, not only by analysis and liberal tests, but by the actual manufacture of several thousands of barrels of cement from the sediment taken from the shell deposits here.

The wet process will be used in manufacturing the cement at the Redwood plant, this process being the very latest and makes the best product.

There seems to be an unlimited supply of shell deposit in the bay. George A. Merrill, president of the Redwood Harbor Company, told a representative of this paper this week that his company had already explored the shell deposits on the bay and had found that there is enough material in sight to make 10,000 barrels of cement a day for 75 years.

In addition to the advantage of having material of the right kind so easily accessible, the manufacturing concern will have the further advantage of its factory being located on tide water, which will permit the shipment of cement to all ports on the Pacific ocean, including those in South America and the Orient. Merrill informed the Times-Gazette representative that the company is planning to double track the railroad from the end of Chestnut street to the water front and perhaps build an additional line across the marsh lands to connect with the Dumbarton cutoff at the Dumbarton bridge.

Another project that is going to do much for Redwood City is the proposed municipal wharf. The matter was discussed at a meeting of the Chamber of Commerce held last Tuesday evening.

P. S. Drake, the chairman of the harbor committee outlined the plan and told of the success of the committee in securing an offer from the Tacoma Land Company to donate the necessary land for the site. He also told of the work so far done by the committee to ascertain the probable cost of carrying out the project, including the dredging of a large basin to insure sufficient water for deep sea going vessels at low tide. He said City Engineer Dimmitt had taken soundings where the basin is to be built and as soon as his report is submitted the committee will be able to determine the cost of this part of the work.

Marjorie Bartholomew on Thursday was granted an interlocutory decree of divorce from her husband, Elliott Bartholomew, by Judge Buck on the ground of extreme cruelty. The community property and the custody of the minor children were awarded to the mother. She received no alimony.

THE CONSTITUTION SHOULD BE THE PEOPLE'S DOCUMENT

The Sacramento Bee of October 29, published the following editorial. It speaks for itself. It strikes us as the time has come when the people themselves should make and unmake the laws:

"The exigencies of the times and the rights of the sovereign People demand not only that no more amendments shall be added to the Constitution of the United States without ratification at the polls by the citizen voters, but also that these same sovereigns be accorded the privilege, as it is their right, to alter, amend, or repeal any amendment so far placed in that Constitution.

"This is not a revolutionary idea. It is the very essence of democratic principle. Besides, it is but extending into the national field the political process adopted and enforced in many of the States, noticeably here in California.

"The Legislature of California is thus forced to be the servant of The People, not its autocratic master.

"And the Congress of the United States and the Legislatures of the various States should be the servants of The people and not their czars.

"Interstate and marvelous organizations, backed by unlimited money, with various uplifts devoting their time to crusading for political issues, might again force into the Constitution of the United States some amendment which would not be ratified if left to a vote of The People at the polls.

"And under the present system, the citizens of this country are forced to stand forever the imposition, or else become law-breakers.

"It is high time, therefore, that the Constitution of these United States be amended in conformity with co-temporaneous principles, and in the best interest and welfare of The People of this country, and four square to the winds in equity and common justice.

"To that end, an amendment should be placed in the Constitution to the effect that hereafter no amendment shall be added thereto which has not received the sanction of the citizen voters at a Referendum election; also that any amendment already there can be repealed if The People see fit so to do by the process of the Initiative.

"Whenever a national Legislator objects to such an extension of a righteous principle to national affairs, by that very act he gives the lie to his affirmed belief in the doctrine that The People should rule.

"Under the present method of amending the Constitution they do not rule. They are ruled. Yes, frequently they are overruled.

"And under the present method also, by the sovereign power transferred away from The People, the Legislatures of States containing not one-twentieth of the population of this country could forever prevent the repeal of an obnoxious Constitutional amendment, despite the efforts of Legislatures representing nineteen-twentieths of said population.

"The United States long ago outgrew the archaic system by which any set of men can express or misinterpret the will of The People on such important and far-reaching changes in government as amendments to our National Constitution entail.

"For such vital alterations there is only one responsible authority—The People themselves.

"Such a reform would prevent the possibility of inclusion in the Constitution of principles and prohibitions not in keeping with the will of the majority.

"And surely no one of sense will contend that alterations of the National Constitution which The People might not approve should be forced upon them by the votes of Legislators temporarily in power—Legislators who on occasions go even so far as to register their State in direct opposition to the expressed will of the citizens of that State at the polls.

"Government by Congress and by Legislature is intended to write into laws the will of the majority of The People. But it does not always do so.

"In ordinary statutes, this can be remedied by election of representatives in sympathy with public opinion.

"With National Constitutional Amendments, such a remedy is not allowable, for inclusion in the Constitution prevents a reversal save by two-thirds majority of the Legislature.

"The requirement that Constitutional Amendments must be passed upon by The People and become part of the law of the land only when ratified by a majority in simple insurance that hereafter the will of The People and the provisions of Constitutional Amendments shall coincide.

"The time has come when by a Constitutional Amendment The People should reserve to themselves the sole right to declare not only how that Constitution hereafter shall be changed; but as well to correct or

repeal any amendments that run counter to the wishes and the will of said sovereign People."

FIGHT AGAINST LAWLESSNESS

The fight against lawlessness and disorder has been won in Massachusetts by the re-election of Governor Coolidge by a plurality of 125,000.

The good people of the Bay State who stood so loyally by the man that stood loyally by them, are to be commended and congratulated. But this is no time to make commendation and congratulation an occasion for delay and diversion. The fight is still on in every section of the United States. The forces of lawlessness and disorder are organized and aggressive. They seem to have abundant financial resources at their command and their aggressiveness sets an example for advocates of a better cause.

Unfortunately, the advocates of law and order have not in all states and communities leaders courageous and able. Too frequently men in positions of leadership wait until the battle has been fought and then align themselves with the winner. They dislike the burden, the inconvenience and the dangers of the fight, and lack the courage to cast their lot with the rank and file of civic righteousness until they find out whether righteousness is popular.

M. A. HARRIS PURCHASES 95 ACRES NEAR MAYFIELD

M. A. Harris, the wealthy lumberman who maintains an attractive home on Selby Lane, recently purchased 95 acres of land from Lux and Miller on the corner of the State Highway and San Antonio Road beyond Mayfield for subdivision purposes. During the week he subdivided the tract into small tracts for fruit farms and in two days sold nearly half of the parcel.

This shows the demand for acreage property suitable for fruit. Mr. Harris is so encouraged by the rapid sales that he may invest further sums in adjoining lands.

THE SUPERVISORS HOLD MEETING

The board of supervisors met in regular session Monday, November 17, 1919, at 10 a. m., there being present John MacBain, T. L. Hickey, W. H. Brown, Jos. M. Francis, and Dr. C. V. Thompson.
This being the time set for the hearing of any objections to the petition presented at the last meeting by Attorney A. H. Redington of Hillsborough, asking for permission to annex a small uninhabited strip of territory in the Second Township to the city of Hillsborough, and there being no objections filed a resolution presented by Attorney Redington, consenting to the above annexation, was adopted, on motion of Brown, seconded by Francis.

District Attorney Swart presented to the board the returns of the special election held on September 30, 1919, in the Visitation Valley school district and calling for the bonding in the district in the sum of \$24,000 for school improvement. The returns showed that the election carried by a vote of 3 to 0.

District Attorney Swart explained that at the time of the calling of the election the bonding capacity of the district for school purposes was \$24,000. Just before the election was held the assessment rolls were changed so that the bonding capacity was made slightly lower than the above amount. Swart said he had taken the matter up with various bonding attorneys and their unanimous opinion was that the above facts would not in any way invalidate the election and that it would be perfectly legal to issue the bonds in the sum of \$23,000.

A resolution, thereupon, prepared in the usual form by District Attorney Swart, ordering the issuance of the bonds in the amount of \$23,000, and calling for the sale of the bonds, bids for which are to be opened on December 1, 1919, was adopted, on motion of Hickey, seconded by Thompson.

A communication was received from Harry C. Warren, head of the California Sanitarium at Belmont and addressed to Supervisor Brown, was read by Mrs. Nash, the clerk, asking for the establishment of a voting precinct at the sanitarium.

Supervisor Brown addressed the board in the above matter, saying that he believed the idea could be carried out so that all the people west of Reid's school and now voting in Belmont could vote in the proposed new precinct. No action was taken, however, at this time.

Chairman MacBain addressed the board relative to a claim of J. F. Parkinson of Palo Alto for the construction of a bridge over the San Francisco creek at Ruynmole about seven years ago and which had been used for public traffic. Parkinson desired at this time, the chairman explained, to turn the bridge over to Santa Clara and San Mateo counties and be reimbursed for the money he paid for its construction.

Chairman MacBain further explained that some time ago the supervisors of Santa Clara had expressed a willingness to allow \$1,000 as their share of the cost, but in a recent conversation over the telephone with Supervisor Roll of that county, he was told that the Santa Clara board would not be able to pay a cent toward the cost.

After further discussion in the matter, the claim and a bill of sale from Parkinson accompanying it, were ordered referred to District Attorney Swart, on motion of Brown, seconded by Hickey.

District Attorney Swart took up with the board at this time the matter of the proposed new ordinance regulating the weights and loads that might be carried over the highways of the county. At the request of the district attorney, the supervisors gave Swart the list of roads in their respective districts that are to be affected by the proposed ordinance. The district attorney said he would have the ordinance drafted at an early date.

District Attorney Swart addressed the board relative to a claim of Mrs. Kate O'Connor of the San Francisco police department in the sum of \$97.12, which had been held up by the board on claim day and which was for services rendered in connection with the recent Sarah S. Corburn murder investigation. The district attorney explained what the claim covered and then told of the splendid services rendered the county by the San Francisco Detective Bureau, which if it had been paid for would have cost the county thousands of dollars.

Supervisor Thompson explained that the reason the claim had not been allowed was on account of the finance committee not knowing just what case the investigation covered. Whereupon, on motion of Hickey, seconded by Francis, the claim was allowed in the full amount.

The board took up at this time the complaint of Rufus Kimball against Ansel M. Easton in which Kimball asked that the board take action to compel Easton to carry out his agreement with the county at the time he was granted permission to run his motor line through the property to Burlingame Hills, the agreement being to put the old line where the car line is in good condition. Following the report from District Attorney Swart in the matter, the board, on motion of Hickey, seconded by Brown instructed Mrs. Nash, the clerk, to

write Easton and direct him to carry out the above agreement.

A communication was received from E. L. Hoag of Burlingame, asking the board to take the necessary action to rebuild the pavement on portions of the Bay Shore Road, especially at dangerous turns, so as to prevent further accidents occurring. The communication was ordered filed, the board already having the above matter in hand.

Dr. Harrison, connected with the United States Public Health Service, appeared before the board in the interest of the campaign that is to be waged in this county and other counties adjoining, to eradicate the squirrels. Harrison told of the recent Bubonic plague epidemic at Oakland and said that investigations conducted by the health department had revealed that the epidemic was caused primarily by an infected squirrel. He said that the U. S. Government and the State had united in plans to conduct an extensive campaign in fourteen counties of the State and in this county intended to employ four extra men in addition to the one working under County Horticultural Inspector H. L. Woodworth at an additional expense of \$600 a month. Dr. Harrison asked the county's co-operation in the matter to the extent of providing the automobile expenses of the four men, which according to his figures, would amount to \$35 a month each.

Following considerable discussion in the matter as to the benefits to be derived by the county through the eradication campaign, the board, on motion of Hickey, seconded by Francis, voted to allow the \$35 automobile expenses for each man for a period of six months. Supervisors Hickey, Francis and Thompson voting "yes" on the roll call that was taken on the question and Supervisors MacBain and Brown voting "no."

The following claims having been approved by the finance committee, were ordered paid, on motion of Brown, seconded by Thompson.

Dr. John R. Clark, expert medical testimony, \$20.00.

Louis Gregorio, two claims, \$7.50 each.

D. M. Flynn, Ford for the sheriff's office, \$489.33.

Zehender and Marquis, gasoline, repairs and accessories, \$10.44.

Savage & Wrightman, first payment on contract for construction of branch county jail at Halfmoon Bay, \$1000.

Motor truck delivery service in supplying rock on county highway at Homestead, \$120.00.

Francis N. Mattmann this week sold a two-acre in the Escondido tract near Santa Cruz avenue to Karl F. Holzmueller. The property is somewhat famous for the fact that it grows a massive oak tree from the limbs of which one of the leaders of the Marietta bandit gang which terrorized the Santa Clara Valley in the sixties, hung himself. A posse found him dangling from the tree. Marietta and gang were soon afterwards caught and hung at San Jose.

William Byrnes of Woodside has a number of men and teams working at the Bear Gulch Lake raising the dam and excavating portions of the lake. It is the purpose of the owners of the property to double the capacity of the system. The capacity of the lake at present is 100,000,000 gallons and it is proposed to double that amount. Last season the company was unable to supply the demand for water. The company has ordered 130 tons of cast iron pipe to replace and enlarge the mains in several portions of the territory through which the system runs. It is the object of the concern to give a better service to its patrons. A one mile of ten-inch steel riveted pipe is to be laid at Woodside for the benefit of new consumers. The water is secured for this purpose from the Bear Gulch creek which is the main supply of the reservoir. Last year the company expended the sum of \$25,000 for improving the water distributing system and a large sum is to be spent this year.
